

The Aquarian Renaissance

~ RENAISSANCE ~

rebirth, revival, renewal.

- Renaissances appear periodically every several centuries.
- These rebirths are determined by astrological and ray cycles.
- Incarnating groups of souls emerge from the seven ray ashrams.
- European Renaissance 15th-16th centuries – others before that.
- Many 4th ray souls incarnated - art, beauty, music, philosophy.
- Renaissance spanned the year **1425**, the start of a third ray cycle.
- The next Renaissance will most likely emerge after 2025.
- Several factors will determine this Aquarian Renaissance >>

FACTORS DETERMINING AN AQUARIAN RENAISSANCE

1. The Externalisation of the Hierarchy

- Hierarchy have not appeared since the Atlantean war nearly 4 million years ago.
- Hierarchy were forced to withdraw from human contact at that time.
- 2025 conclave – decision about timing of Reappearance - at latest, 2080-2100.
- Depending upon urgency of world events - Hierarchy may decide to return much sooner.

2. Cycle of the 4th ray

- The main ray conditioning Humanity - Harmony through Conflict.
- Harmony, Beauty and Art - coming slowly into manifestation from 2025 onward.
- Humanity will trace source of that mysterious revelation called beauty.
- 4th ray is the way of the seeker, the searcher and the sensitive reflector of beauty.

3. Through the influence of the 4th ray and 7th ray of organisation.

- New forms of art, music, education, healing and science will emerge.
- A new world religion - synthesising all faiths.
- Global financial system will emerge – a universal currency. Barter and Exchange.
- Fear of death will be eliminated before the year 2,100 AD.
- Development of the United Nations - a ray 4 entity.

THE ASTROLOGY DETERMINING A NEW AQUARIAN RENAISSANCE

- Saturn entered first decanate of Aquarius in 2020 - on its 30 year cycle.
- Saturn-Jupiter in Aquarius Dec.2020 – 1st of 3 conjunctions air signs next 40 years.
- “Airy Trigon”: Libra 2040, Gemini 2060. - Aquarius 2080, Libra 2100, Gemini 2120.
- Air trigon starting in Aquarius - not since 1226-1405 AD - the “early renaissance”.
- Jupiter soul ruler Aquarius – water bearer who pours forth for those who thirst.
- Saturn is the mind, Jupiter the heart = synthesis.
- Saturn-Jupiter indicate a new Renaissance, help pave way for 2025 Conclave.
- Will usher in Aquarius – astronomically - one century (2,117 AD – 93 years).
- Will externalisation be closer to 2080 - 2100 – than 2025? Organise ashrams.
- 2100 - Polaris aligns with Earth’s north celestial pole. Polaris = Star of Direction.
- Saturn-Jupiter in Pisces at birth of Jesus in 7 BC. In Aquarius – Christ’s return.
- “When ye are entered into the city, there shall a man meet you, bearing a pitcher of water; follow him into the house.” (Matt.26.)

“**Aquarius.**—The expression of this influence has been beautifully given to us in the story of the **Last Supper.**”

Christ sent His disciples into the city to find **the man "bearing a pitcher of water" upon his shoulder.**

This is the symbol of the sign Aquarius—the sign in which the **universality of the water of life** will become a factor in human consciousness; then we shall indeed all sit down eventually to the communion of bread and wine.

He referred indirectly to the same idea when He spoke of Himself as **the "water of life," assuaging the thirst of humanity.**” (EA566)

~ GREATEST EVER RENAISSANCE IN WORLD HISTORY ~

When the unfoldment of human consciousness is considered,
the return of Hierarchy for the first time in aeons,
this new Aquarian Renaissance
promises to be the greatest - in the long history of our planet.

We are poised at the dawn of a New Era,
yet still fighting our way through the dark night of materialism.

Those dark forces are currently engaged in a battle for their existence
- in the face of Hierarchy's imminent decision to return, after 2025.

More of these themes are in the workshop this afternoon ... but a few to touch upon now

MASTER SERAPIS AND MUSIC

... the true universal language ...

- Expressive of a sensitive response to ideas – “the next approach nearer to the truth”..
- Master Serapis 4th ray Chohan – oversees art movements, evolution of music, painting, drama.
- Serapis works with **deva evolution** to make possible revelation of the new music-painting.
- “In the eternal *music of the spheres* ... perfect scale corresponding to color and number ... determined by vibrations of color and sound - which “underlies every form and guides every sound,” - summing-up the Manifested Universe.” (HPB)
- “The music of the spheres” holds all life in beingThe soul on its tiny scale creates through power of sound and musical rhythm – that can be imposed upon the personality life, by the disciple.
- Groups collaborating with Hierarchy make music ceaselessly ...
.... rhythm of sound, chords and notes blend with music of Hierarchy, Sanat Kumara ...
- Serapis is the Egyptian Master – that civilization which produced much beauty and grandeur.
- Serapis’ suggestions led to League of Nations (1920) that was seed for the United Nations.
- United Nations is a 4th ray organization – the ray of Humanity. Serapis and DK.

ART

- The new art will be expressive of a sensitive response to ideas.
- Art of the past expressed largely man's understanding of the beauty of God's created world.
- Art of today is childish attempt to express the world of feeling, inner moods, emotional, psychological reactions.
- They are to the world of feeling-expression what the drawings of the cave man are to the art of da Vinci.
- It is in the realm of words today that this new art is most adequately expressing itself: Poetry, literature, drama.

CULTURAL GROUPS

- During past three centuries, **group after group** has appeared and played its part.
- Poets Elizabethan age, musicians Germany, Victorian era.
- Groups of artists formed famous schools that were the glory of Europe.
- Two famous groups, one cultural and the other political = Renaissance/French Revolution.
- Modern humanistic movement - harks back to the Renaissance and the divine rights of man.
- Revolt, formation of political parties, class warfare - results of group activity started by Masters.
- Despite mistakes, Humanity has grown and learned to think – hence ultimate good is inevitable and unavoidable. (TWM409.)

FOURTH RAY SOUL NATIONS

**Germany, Austria and Brazil are the only nations with fourth ray souls.
(India and Italy - fourth ray personalities.)**

All 4th ray entities, whether soul or personality, experience much conflict.

- **Germany** of mystical poets, writers of Middle Ages - will again arise. The best music of all time: Bach, Beethoven, Brahms, Wagner, Handel, Liszt, Mendelssohn, Schumann, Strauss etc. (Mozart in Austria – a 4th ray soul, worked/travelled in Germany.)
- **Germany** of philosophers: Schiller, Goethe, Marx, Heidegger, Hegel, Wittgenstein, Einstein, Schopenhauer, Kant, Nietzsche, Schweitzer, Engels, Leibnitz.
- Hence, during the fourth ray cycle in the Aquarian Age, Germany's soul will once more flourish in the world of art, music and philosophy.
- **Brazil's soul** will also come into full play during the Aquarian Age – especially because the seed of the Sixth Rootrace is germinating there.
- Currently Brazil is undergoing much turmoil, a signal that the fourth ray soul is starting to impact upon it.

EXTERNALISATION OF THE HIERARCHY

Restoration of the Mysteries Esoteric Education

- DK states that Hierarchy withdrew from human contact “millions of years ago”.
- Externalisation of Masters’ ashrams will make possible the Restoration of the Mysteries.
- The New Occult Schools suggested by DK will begin in their locations around the world.
- The Mysteries restored - will pave the way for first initiation to be taken *exoterically*.
- Esoteric science will blend with exoteric science in these coming centuries.
- The Mysteries - Deva Kingdom invoked by Servers for conscious ongoing co-operation.
- Devas, sound and music will be used constructively and destructively.
- Mystery Schools externalised will have a strong influence on the NGWS in their outer work.
- Mystery Schools – will have a strong conditioning influence upon the 10 seed groups.

GROUP INITIATION

- During the next five hundred years the Masters will present several groups to the One Initiator – Sanat Kumara (hence 3rd degree).
- All who are in these groups have taken the first initiation, as have so many thousands of people in the world today.
- Many have taken the second initiation, particularly those who are working in fifth ray Ashrams and in third ray Ashrams, for such disciples are distinguished by a lack of emotional emphasis.

WORKSHOP

- The art of music will be next approach to truth - revelation of emerging beauty.
- Art of the painter and sculptor will follow later.
- A new world religion synthesising all faiths. Inter-faith dialogue is its seed.
- New modalities of healing - light, colour, sound, frequencies. Esoteric healing.
- Restoration of the Mysteries through externalisation of the Masters' ashrams.
- First decanate of Aquarius under Saturn will be difficult, challenging and testing.
- The First Initiation will be given exoterically by disciples of The Christ.
- Fear of death will be eliminated by 2,100 AD.
- The deva and human kingdoms will draw much closer in conscious co-operation.
- There will be a Master in each of the five planetary centres.
- Legislation for children by 2035 - Russia and USA.
- Last ditch fight against materialism.
- Battle between strictly mental magicians and white magicians.
- A "beacon of light" established next 500 years - sum total of 3rd degree initiates.
- Initiation of the Christ and Buddha at the end of the Age.
- Renaissance in last decanate Aquarius – 3557 AD to 4277 AD: Era of Brotherly Love.
- Nations on the 4th ray will blossom – Brazil and Germany

EXTERNALISED ASHRAMS

- Externalisation will bring increased stimulation which will necessarily affect disciples and aspirants.
- Will involve a period of adjustment to this higher vibration.
- Adjustment to increased livingness - facilitated by enunciation of certain basic statements for guidance of disciples, aspirants and people of goodwill. **Externalised Ashrams** will be active along four major lines:
- **1.** Creating and vitalising the **new world religion**. **2.** Gradual reorganising of the **social order**—an order free from **oppression, persecution** of minorities, **materialism, pride**. **3.** Public inauguration of initiation - growth and comprehension of symbolism. **4.** The exoteric **training of disciples** and of humanity in this new cycle.
- The material goal is the **defeat of totalitarianism** - that evil process of imposition of ideas.
- Democratic and communist nations, churches everywhere.
- Defeat of all that **infringes human free will** and which keeps humanity in ignorance.
- **Totalitarianism** - basis of evil today - in all systems of government, education, in the home, community.
- Disciples must prepare men's minds to accept the fact that the reappearance of the Christ is imminent.
- Masters and Their groups of disciples are actively working to bring order out of chaos.
- There IS a Plan - nothing can possibly arrest the working out of that Plan.
- Hierarchy stands - has stood for thousands of years, expression of the accumulated wisdom of the ages.

GENERAL EDUCATION

- World must prepare for renaissance of all the arts, a new, free flow of the creative spirit.
- Steps educators take will determine nature of coming civilisation.
- Must lay emphasis upon great moments in **history**, wherein man's divinity flamed forth:
- **Historical subjects: Magna Charta. French Revolution** - concepts of liberty, equality and fraternity. **American Bill of Rights. Atlantic Charter** and **Four Freedoms**.
- These concepts must govern the new age and its nascent civilization, its future culture.
- **Children must be taught significance of these five great declarations**, futility of hate & war.

“I have noted the imminence of the **coming spiritual renaissance**. To all of these I would like to add that one of our immediate educational objectives must be the **elimination of the competitive spirit and the substitution of the cooperative consciousness**”. (ENA74)

In our most recent Renaissance,

“In Europe we had **educational attention** concentrated upon a few **privileged groups**, giving them a carefully planned **cultural training** but teaching only the necessary rudiments of learning to the masses. This produced periodically such **important epochs of cultural expression** as the Elizabethan period, the Renaissance, the **poets and writers** of the Victorian era and the poets and musicians of Germany, as well as the clusters of artists whose memory is perpetuated in the Italian School, the Dutch and the Spanish groups.” (ENA79.)

SOUND. COLOUR. CHANTING. MOVEMENT.

- **When egoic ray is Ray of Harmony, the fourth ray**, the method will be along the line of the inner realisation of beauty and harmony.
- It causes the shattering of the causal body by the knowledge of Sound and Colour and the shattering effect of Sound.
- This process leads to the realisation of the notes and tones of the solar system, the note and tone of individuals, and the endeavor to harmonise the egoic note with that of others.
- When the egoic note is sounded in harmony with other egos, the result is the shattering of the causal body, dissociation from the lower and the attainment of perfection. I
- **Its exponents develop along the line of music, rhythm and painting.** They withdraw within in order to comprehend the life side of the form. The outer manifestation of that life side in the world is through that which we call **art**. **The great painters and the superlative musicians are in many cases reaching their goal that way.**
- In time, the value of the combination of **music, chanting, and rhythmic movement** will be comprehended, and it will be utilised for the achieving of certain results.
- Groups of people will gather together to study the **creative effects, or the purificatory efficacy of ordered sound** joined to movement and unity.
- The **constructive effect** on the three bodies will be clairvoyantly studied; the **eliminative effect** on the matter of those bodies will be **schematically tabulated** - knowledge gained will be applied to the improvement of those bodies.
- **Music** will be largely employed in **construction**, and in one hundred years from now it will be a feature in certain work of a constructive nature. The utilisation of ordered sound to achieve certain ends.
- The stimulation of music. Certain sounds shatter and break. Certain other sounds stimulate and attract. When the key of a man's life is known, **when the sound he responds to is recognised**, then comes the **possibility of the utilisation of sound in refinement**.
- 27 occult laws revealed after initiation - the basic laws of color and of music and rhythm. When music produces warmth or stimulation, and when pictures, for instance, glow or reveal the subjective within the objective, then will this fourth Ray of Harmony be coming to fruition. In music, fourth ray compositions are always full of melody, and the fourth ray man loves a tune.

FEAR OF DEATH WILL DISAPPEAR

- Before close of next century [2100], death will be finally seen to be nonexistent.
- Continuity of consciousness will be widely developed.
- Many of the highest types of humanity will function simultaneously in the two worlds.
- The old fear will go and intercourse between astral and physical planes will be so firmly established and scientifically controlled - that the work of trance mediums will come to an end.
- The reign of fear of death is well-near ended - we shall soon enter upon a period of knowledge and of certainty - which will eliminate all our fears.
- In dealing with fear of death, there is little to be done except to raise the whole subject onto a more scientific level, and—in this scientific sense—teach people to die.
- Technique of dying - has been lost in the West, almost lost in the East.
- Fear of death and depression constitute for man the Dweller on the Threshold.
- Hence this current period where the coronavirus threatens human mortality.
- These sentient reactions to psychological factors cannot be dealt with by the use of courage. They must be met by the omniscience of the soul, working through the mind. (TWM309.)

DEVA AND HUMAN KINGDOMS

- The deva and human evolution will in the next 500 years, become more conscious of each other, will more freely co-operate.
- With this growing consciousness will be found a seeking after methods of communication between human and deva.
- When need of communication for constructive ends is sincerely felt, then under judicious guidance of Masters, certain old mantrams permitted.
- Human-Deva action, interaction, reaction - will be closely studied and watched. It is hoped that the benefit to both groups will be mutual.
- Human evolution should give strength to the deva, and the deva, joy to the human. Man should communicate to the devas the objective point of view, while they in turn will pour in on him their healing magnetism.
- Devas are the custodians of prana, magnetism and vitality, just as man is the custodian of the fifth principle, or manas. (LOM182)
- The eventual “marriage” between the human and deva kingdoms will occur in millions of years during the sixth rootrace – the Divine Hermaphrodite.
- Findhorn and Perelandra are both communities where initial experiments between human and devas have taken place.

NEW WORLD RELIGION, MASONRY & ESOTERIC GROUPS

- There will be three main groups for spiritual evolution in the Aquarian Renaissance.
- Masonry – 1st aspect. New World Religion – 2nd aspect. Esoteric education – 3rd aspect:
 - 1 Masonry you have the three paths leading to initiation.
 - 2 In the Church, by whatever name it may be called.
 - 3 Esoteric group composed of true spiritual esotericists found in all exoteric occult groups.
- When new universal religion and nature of esotericism is understood, there will be utilisation of the banded esoteric organisms, the Masonic organism and the Church organism as initiating centres.
- These three groups converge as their inner sanctuaries are approached.
- There is no dissociation between the One Universal Church, the sacred inner Lodge of all true Masons, and the innermost circles of the esoteric societies.
- Three types of men have their need met, three major rays are expressed and the three paths to the master are trodden, leading all three to the same portal and the same Hierophant.

The Masses >>> The Intelligentsia

The Churches and religions >>> The Esotericists, aspirants and occultists

The Esotericists, in their turn >>> The Planetary Hierarchy

A GREAT STATION OF LIGHT ON EARTH

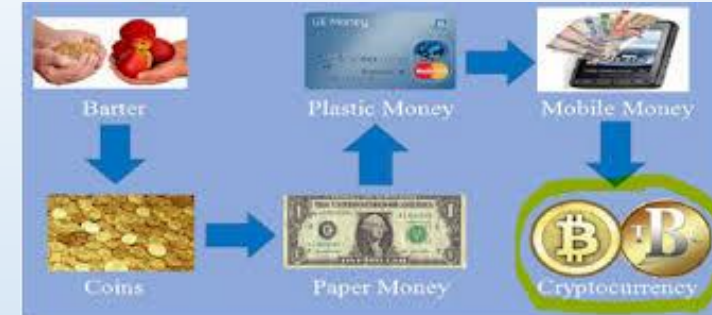

- The glory that can be seen faintly shining in humanity, and the dim light which flickers within the human form, must give place to the radiance which is the glory of the developed son of God.
- Only a little effort is needed, and the demonstration of a steady staying power, to enable those who are now on the physical plane of experience to evidence the radiant light, and to **establish upon the earth a great station of light** which will illumine the whole of human thought.
- Always there have been isolated light bearers, down the ages. Now the group light bearer will shortly be seen. Then shall we see the rest of the human family (who respond not yet to the Christ impulse) having their progress facilitated towards the path of probation.
- If all the aspirants and disciples of the world can submerge their personal interests in the task immediately ahead, we shall have **the opening of a great station of light on earth, and the founding of a power house which will greatly hasten the evolution and elevation of humanity, and the unfoldment of the human consciousness.**

GLOBAL FINANCIAL SYSTEM

Gold > paper > credit cards > etheric-digital. Pluto, Saturn and Jupiter in Capricorn. Uranus in Taurus.

- **Adepts - authorities upon modern financial matters** - competently preparing to institute newer techniques of **financial interplay**. Will supersede present methods.
- Inaugurate a system of **barter and exchange** - modern money is travestied symbol.
- Newer method - comprehensively human - will supersede **big business**. (EOH569)
- National currencies will be superseded by a **system of barter** and a **universal monetary exchange**—representative of the bartered goods when they are relatively small and unimportant—and by a planned scale of related values.
- National material assets, commodities - provided for under an entirely new system.
- “The **golden eye of Taurus** points the way to those who likewise see. That which is gold will some day, too, respond, passing from East to West in that dire time when the urge to gather gold shall rule the lower half (i.e., personality of men and nations).
- The search for **gold**, the search for golden light divine, directs the Bull of Life, the Bull of Form. These two must meet; and meeting, clash. Thus vanishes the gold....”[22](#)
- “Uranus ... the seventh ray works through this planet and is the embodiment of the principle of **concretion and the materialising** of that which is in need of objective manifestation, through the bringing together of spirit and matter.
- It is here that the whole **mystery of money** lies hid and the creation and production of money ... It is through the relation of the three aspects of the third divine manifestation—law, affinity and concretised energy—that **money is created.**”[23](#)

SCIENCE & TECHNOLOGY

**Science, technology, nuclear fusion,
magnetism, electricity, silent transport.**

- Aquarius, ruled by Uranus the planet of exoteric and esoteric science. 5th ray is only ray to pour through Aquarius. Combination will bring amazing new developments in technology – of which the past 50 years is only the beginning.
- At present, physical effects of fission of the atom and subsequent constructive use is the immediate problem before modern science.
- The fission of the nucleus of the atom is the outer demonstration that humanity has "encompassed" the divine Mind and can now move on to "encompass" the love or the attractive nature of divinity.
