Libra in the Planetary Horoscope

“In this transition period through which the world is now passing and in this interlude between two activities—that of the Piscean Age which is passing and that of Aquarius which is coming in—Libra will eventually rule, and the end of this century [20th] will see the **influence of Libra steadily coming into pronounced control and into a position of power in the planetary horoscope.** There is, therefore, no need for real anxiety.” (EA238)

- Libra symbol is the bridge between ages. 
- Libra's main themes: The law, sex and money.
- Uranus esoteric ruler – transiting in Taurus, affecting both of these Venus-ruled signs.
- Uranus rules sacral centre, so themes of sex and money (survival) particularly strong. Legislation, laws.

1965-2025

In the time of the Buddha and through the stimulation He produced there was a great gathering in of **Arhats**. These were men who had achieved liberation through self-initiated effort.

This period, in our **Aryan race**, marked a climax for the **East**. Since then the tide of spiritual life has steadily flowed westward, and we may now look for a corresponding **climax in the West**, which will reach its zenith between the years **1965 and 2025**.

Towards this end the **adepts of the East and of the West** are unitedly working, for they follow always the Law.” (LOTSxi)

- Hence the opportunity today for many aspirants and disciples to move to the next stage of their evolutionary unfoldment – initiation.

The Significance of 2025

- 2025: Once in a century conclave of Hierarchy and Shamballa.
- Beginning of the fourth ray cycle returning into incarnation.
- Half-way mark of the Masters' Decision cycle of 49 years: 2001 – 2050.
- Pluto moves into Aquarius 2023-4.
- Neptune (The Christ) moves in **Aries** (The Lamb) 2025-6.
- **Aries** inaugurates the new cycle.
- Saturn moves into **Aries** 2025-6.
- Uranus moves into Gemini 2025-6.
- Jupiter moves into (exalted) Cancer 2025.

Ray Cycles

Outgoing: 6th ray of idealism. Incoming: 7th ray of organization.

- Confusion of very different forces: Humanity “at 6’s and 7’s” with itself.
- **6th Ray – Mars/Neptune – solar plexus centre.** (6th ray leaving 1625 AD >)
- **7th Ray – Uranus – sacral, head centres.** (1675, then >1945 AD for 2,500 years)
- **Many 6th ray souls still in incarnation whilst 7th ray souls/types coming in.**
- **7th ray/Aquarius - mental detachment over matter/emotions – Pisces 6th ray.**
- **6th/7th combination can create organized fanaticism.** “Ray six began to decline in influence 300 years ago, and its potency, though greatly weakened, can still be felt ... another 200 years for ray 6 souls to pass out of incarnation.”

3rd Ray Multi-Cycle.

- It is speculated that there are one or two other ray 3 cycles within the greater ray 3 cycle, hence the intensity of manufacturing and materialization that has occurred in the past few centuries, through the Industrial and Technological ages.

“This ray will remain in objective incarnation from the point of view of humanity for a very long time - so long a time that it is needless for us to anticipate its waning influence. **Ray three** has been the longest in incarnation, but **in 1875 it occultly "completed its outgoing,** and began to curve upon itself, and thus return." It is therefore just beginning to wane. When this event occurs in connection with any type of energy, the effect produced is **always of a crystallizing nature and is apt to produce "set forms which warrant prompt destruction.**

... in this ray's activity we have the demonstration of those **dogmatic, sectarian and theological attitudes,** for instance, which mark the decline and consequent uselessness of the various schools of thought which have in their time embodied man's ideas and thought.” [EPI-349]

4th Ray Cycle – Incoming from 2025.

“To come slowly into manifestation after 2025 A.D.”

This ray, as you know, begins to come into incarnation early in the next century and - in collaboration with the developing Saturnian influence [1st decan Aquarius] - **will lead many on to the path of discipleship.** When the peculiar energy to which we give the somewhat **unsatisfactory name of "harmony through conflict"** and the forces of that planet which stage opportunity for the aspirant are working in combination and an ordained synthesis, we can then look for a very rapid adjustment in human affairs, particularly in connection with the Path.

This fourth ray is, in the last analysis, **the ray which teaches the art of living in order to produce a synthesis of beauty.** There is no beauty without unity, without embodied idealism and the resultant symmetrical unfoldment. **This ray is not the ray of art,** as it is often claimed, but is the energy which brings about the beauty of those living forms which embody the **ideas and the ideals which are seeking immediate expression.**

Many people claim to be on the fourth ray because they dream of the artistic expressive life. As I have told you before, **creative art expresses itself upon all the rays.** (DON143)

- For those attuned, they may have already been feeling the influence of the 4th ray in the past few decades.

- **The “fulfilment of desire and satisfied demand” may be the point of least resistance for the fearful masses experiencing loss of jobs, income, housing, freedom to move about etc. And also of course, for business/money/corporations/governments scrambling to simply survive and/or selfishly exploiting the situation.**
