

Ten reasons why we must defeat the Make-America-WASP-Again Project

The New Face of America

[November 18, 1993 | Vol. 142 No. 21](#)

1. The survival of democracy, and a significant delay in the planned work of the [Manu](#) for the Fifth and Sixth Root Races, are at stake in the [2016 U.S. presidential election](#).
2. The work of the first African-American President of the U.S., a racial avatar emerging from the field of political service in the Hierarchical Department of the Manu, has been delayed by obstructionist forces of racial hatred, as exemplified by the birther conspiracy lie and the regressive agenda of the [Alternative Right](#).
3. A Third World War must be averted by electing prepared candidates fit to be President of the U.S. The siren song of [dangerous demagoguery](#) must be denounced and resisted.
4. Adolf Hitler was elected by a democratic vote and needed to be defeated by military force.
5. Both Winston Churchill and Franklin Roosevelt were flawed politicians. And yet, the spiritual Hierarchy gave them its full measure of support to defeat the regressive forces of nationalism that were promoting the ideology of racial supremacy then.
6. The choice (in Libra) for the 2016 U.S. presidential election (in Scorpio) is NOT between the lesser of two evils. The choice is between the *regressive* good of individual and national exceptionalism to be outgrown (in Leo), and the *progressive* Principle of -national and international- Sharing to be embraced (in Aquarius). Evil is that good that must be left behind.

7. Fear is the breeding ground of hatred. Fear, the fear of others, the fear of the future, is the fundamental regressive force to be overcome by the inclusive spirit of goodwill expressed as right human relations at the community, national and international levels.

8. As in the 1930s, the Hydra of Separativeness is raising its ugly head of xenophobic nationalism all over the world. The current refugee crisis must awake the spirit of goodwill in average humanity, strengthened by the will-to-good of spiritual aspirants.

9. To assist the soul-infused personality of the United States in facing this planetary crisis, groups comprised of spiritual aspirants must invoke extra planetary Entities. These are the Avatar of Synthesis, the Spirit of Peace and the Lord Buddha, focusing the saving grace of the Mother of the World. They are preparing the way for the reappearance of the Christ and the externalization of the spiritual Hierarchy.

10. The Men and Women of Goodwill must defeat the **Make-America-WASP-Again Project**. The power of their united light must prevent the appearance, must negate the quality and must destroy the life behind this glamor.

**From the centre which we call the human race
Let the Plan of Love and Light work out
And may it seal the door where evil dwells.**

Let Light and Love and Power restore the Plan on Earth.
